Please ensure you read this Privacy Notice carefully before using our Websites or mobile applications and/or providing us with your Personal Data.

## 3. Who we are and how to contact us

Nu Skin Enterprises Inc. and its affiliates and subsidiaries (“Nu Skin”, “we”, “us” and “our”) are an international group of companies offering personal care products, nutritional supplements, devices and other goods or services through (i) the Nu Skin websites (whether local or global) (each a “Website”), (ii) Nu Skin mobile applications and tools (the “Apps”) and (iii) a network of independent distributors or sales people (“Brand Affiliates1”).

Depending on who you are or how you interact with us, your Personal Data are processed by different entities of Nu Skin and/or for different purposes. You will find [here](#) (Annex 1) the list of the Nu Skin entities acting as data controllers responsible for processing your Personal Data. Please contact the [Privacy Team](#) or our Data Protection Officer [[DPOoffice@nuskin.com](mailto:DPOoffice@nuskin.com)] if you have questions or concerns, want to update your Personal Data, or to exercise your rights as described below.

## 4. What Personal Data do we collect?

Personal Data, or Personal Information, means any information or pieces of information that could identify you directly (e.g. your name) or indirectly (e.g. through your email address or telephone number). Personal Data may include a name, an (email) address, a telephone number, credit card information, preferences, age, gender, or occupation, among other things.

The Personal Data that we collect, and how we collect it, depends on how you interact with us. For a complete overview of the Personal Data we process about you, as well as our interaction-specific data processing activities, and our processing purposes, please refer to

our “List of Personal Data Processing Activities”, [here](#).

We might collect or receive Personal Data from you via our Website, Apps, social media channels, call center or when you otherwise transfer Personal Data to us. Sometimes you give this Personal Data to us directly (e.g. when you create an account, when you contact us, when you purchase from our Website), and sometimes we collect it (e.g. using cookies to understand how you use our Website and Apps, or through our smart devices).

In some circumstances we may also receive Personal Data about you from:

- Brand Affiliates;
- individuals who provide us with your Personal Data (e.g. your family members);
- regulatory bodies;
- other companies providing services to us (e.g. social listening companies; past employers; recruitment agencies).

Some of these third-party sources may include publicly available sources of information. In particular, we may receive Personal Data from social networks when you engage with our content, reference our Website, or grant us permission to access information from these social networks.

In addition, where permitted by law, we may collect, either directly or through third party service providers, information that is publicly available on the Internet (e.g. from websites, blogs, social media).

## 5. How we use your Personal Data

We process your Personal Data based on the following legal grounds, as permitted by applicable law:

- to fulfill our obligations under a contract with you, or to take steps prior to entering into a contract with you (e.g. you ask us to create a customer account for you or you wish to purchase a product from us);
- to comply with a legal obligation (e.g. when you make a purchase we need to keep your transaction information to comply with our tax, financial reporting, and consumer protection obligations);
- when it is in our legitimate business interest to use your Personal Data (e.g. to operate, evaluate and improve our organization; to prevent and protect us and others against fraud, unauthorized transactions, claims and other liabilities; to ensure compliance with company policies and industry standards);
- based on your consent (e.g. when you opt-in to subscribe to our marketing newsletters).

Our use of your Personal Data depends on who you are and how you interact with us. Click [here](#) for a list of the ways that we use your Personal Data, and which of the reasons we rely on to do so.

We will only process special categories of Personal Data (e.g., race or ethnicity; health-related data) when you request us to do so (i.e. when we have your explicit consent) or in exceptional circumstances and where we have a legal basis to do so (e.g., to protect your vital interests).

Please contact the [Privacy Team](#) if you have any questions about how we collect and use your Personal Data.

## 8. How we protect your Personal Data

We protect your Personal Data and implement reasonable security measures including physical (e.g. secured filing cabinets), technical and organizational security measures appropriate to protect your Personal Data against unauthorized or unlawful processing and against any accidental loss, destruction, or damage.

In particular, we operate data networks protected by industry standard firewall and password protection systems. We also use transport layer security (TLS) to protect the transmission of your Personal Data. Access to this information will be provided only to authorized individuals for legitimate business purpose.

In addition, access to your Personal Data is restricted to staff and service providers on a need-to-know basis.

While we endeavor to always protect our systems, sites, operations and information against unauthorized access, use, modification and disclosure, due to the inherent nature of the Internet as an open global communications vehicle and other risk factors, we cannot guarantee that any information, during transmission or while stored on our systems, will be absolutely safe from intrusion by others.

Please contact the [Privacy Team](#) if you have any questions about how we protect your Personal Data.

## 9. How long do we keep your Personal Data

We hold on to your Personal Data for as long as necessary to achieve the processing purposes described in our “List of Personal Data Processing Activities”. This means, for instance, that we no longer store your Personal Data when our (contractual) relationship with you comes to an end, unless further storage is permitted or required under applicable law.

Generally, and while this will depend on several factors as outlined below, we do not keep your data for longer than 10 years. To determine the retention period of your Personal Data, we consider several criteria, including:

- The purpose for which we hold your Personal Data;
- Our legal and regulatory obligations in relation to that Personal Data, for example any financial reporting obligations;
- Whether our relationship with you is ongoing, for example, you have an active account, you continue to receive marketing communications, or you regularly browse or purchase off our Website or Apps);
- Any specific requests from you in relation to the deletion of your Personal Data; and
- Our legitimate interests in relation to managing our own rights, for example the defense of any claims.

When we no longer need to use your Personal Data, it is removed from our systems and records, or anonymized so that you can no longer be identified from it.

## 10. What are your rights regarding your Personal Data

Nu Skin values your privacy rights and is committed to providing you control over your Personal Data. If you exercise any of these rights explained in this section of the Privacy Notice, we will not disadvantage you. You will not be denied or charged different prices or rates for goods or services or provided a different level or quality of goods or services.

Generally, you have the following rights:

- Information. You have the right to be provided with clear, transparent and easily understandable information about how we use your Personal Data, and your rights. This is why we are providing you with the information in this Privacy Notice;
- Rectification. You have the right to require that any incomplete or inaccurate Personal Data that we process about you is amended;
- Deletion. You have the right to request that we delete Personal Data that we process about you, subject to certain exceptions, for instance, where we need to keep your Personal Data to comply with a legal obligation;
- Withdrawing Consent. If you have consented to our processing of your Personal Data, you have the right to withdraw your consent at any time. This does not affect the lawfulness of the processing that was based on your consent prior to withdrawal. This includes cases where you wish to opt out from marketing messages that you receive from us;
- Access. Subject to certain exceptions, you have the right to access and request a copy of the Personal Data we are processing about you, which we will provide to you in electronic form and/or in writing, or verbally where allowed by applicable laws. Where permissible under applicable laws, we may charge you a reasonable fee for this access request;

In addition, if you are in the EEA or in Thailand you have the following rights:

- Restriction. You have the right to request that we restrict our processing of your Personal Data under specific conditions (also applicable if you are in Macau; in Korea, this right is known as the right to request the suspension of the processing of your Personal Data);

- Portability. You have the right to request that we transmit the Personal Data we hold in respect of you to you or to another data controller under specific conditions;
- Objection. Where the legal justification for our processing of your Personal Data is our legitimate interest, you have the right to object to such processing on grounds relating to your particular situation. We will abide by your request unless we have compelling legitimate grounds for the processing which override your interests and rights, or if we need to continue to process the data for the establishment, exercise or defense of a legal claim.

Where we process your Personal Data for direct marketing purposes, you have the right to object at any time to such processing, including for profiling purposes to the extent that it is related to direct marketing. If you object to processing for direct marketing purposes, we will no longer process your Personal Data for such purposes.

You can exercise the above rights, where applicable by contacting the [Privacy Team](#) or by using our online tool in the markets where such tool is available. California residents can also call the following toll-free number: 800-211-5200. We will respond to any of your requests to exercise these above data subject rights within the period prescribed by applicable laws. At our discretion, we may require you to prove your identity before providing the requested information. This is to ensure that your Personal Data is disclosed only to you. We may not be able to appropriately handle your request if you decide not to provide us with the Personal Data that we need to handle your request. If you are a resident of the European Economic Area and are not satisfied with the way we handled your request, or for violations of applicable data protection laws, you may lodge a complaint or file a claim with a competent Supervisory Authority (for example, with the Supervisory Authority in your country or market of residence).

## 11. Your marketing choices

You can control whether to receive direct marketing from us (e.g., which we may send through electronic means, such as promotional emails). In certain markets, you will need to provide us with your consent before receiving marketing. For instance, we may ask you to tick a box indicating to “receive promotional emails” when you sign up as a new customer or Brand Affiliate. In all markets, you can choose not to receive such communications at any time. If you no longer wish to receive any marketing communications or remain on a mailing list to which you previously subscribed, please follow the unsubscribe link in the relevant communication or contact the [Privacy Team](#).

## 12. Your obligations

We expect that you only communicate Personal Data about yourself to us. If you also communicate Personal Data about other people to us, then you must ensure that you comply with any legal obligations that may apply to your provision of the information to us, and to allow us, where necessary, to use, process and transfer that information. In particular, and subject to local applicable laws as well as Nu Skin Policies & Procedures, if you use a credit card not issued to you, you confirm that the credit card holder has consented to the use of their credit card in relation to your purchase and has agreed that Nu Skin may collect, use and disclose their Personal Data for the purpose of processing your purchase.

We also expect that the Personal Data that you communicate to us are correct and that, if your Personal Data requires updating, you will promptly inform us.

## 13. Children

Nu Skin does not direct the sale of its products or services to children, nor does it allow its Brand Affiliates to be underage (under 18 in most markets, under 20 in Japan, and under 19 in Korea).

Nu Skin children’s products can only be purchased by an adult. If you are a minor, you may use the Website only with the involvement of a parent or guardian.

Except in very limited circumstances (e.g. as part of our Corporate Social Responsibility activities), we do not knowingly collect or

otherwise process any Personal Data from children under the age of 13 and do not direct our services, Website or Apps to children under the age of 18. If you think that a child for which you are responsible provided Personal Data to us, we strongly encourage you to contact us immediately and we will work with you to find a solution to remediate this.

We encourage you to participate in your child's experience on the Internet and to review important safety tips with each child before they explore the Internet.

If you register your child to a Nu Skin event or incentive trip, we process your child's Personal Data for the purposes of attending the event or incentive trip. If the event requires processing of your child's special category data, we will request your explicit consent.

## 14. Changes to the Privacy Notice

We may update this Privacy Notice from time to time. We will notify you of any significant changes by posting those changes here or by notifying you through other appropriate communication channels we generally use with you. Any changes to this Privacy Notice will be considered effective immediately after the changes are posted on this Website unless otherwise indicated.

The Privacy Notice was last revised on January 30, 2024.

- Brand Affiliates or Business Partners (*ie.* registered distributors)

- Job Candidates
- Office Visitors
